

Europe's ultimate U2 tribute band

U2 IN ECHO

ABOUT THE BAND

U2 in Echo is a Belgian tribute band dedicated to bringing the music of U2 to life with passion, precision, and raw energy. Driven by a deep admiration for the iconic Irish band, the group delivers powerful live performances that capture both the sound and spirit of U2's greatest anthems, from "Where the Streets Have No Name" to "With or Without You."

U2 in Echo focuses on recreating the emotional intensity and atmosphere that define a true U2 concert experience. They recreate the famous wall of sound, fronted by a Frank Wensink, a U2 tribute band veteran (ex-U2NL). The band combines strong vocals, detailed guitar textures, a solid rhythm section, and immersive stage presence to engage audiences of all generations.

With experienced musicians and a carefully crafted setlist spanning decades of hits, U2 in Echo offers an authentic and energetic tribute show. Their performances resonate with dedicated U2 fans while also introducing new listeners to the timeless power of these legendary songs.

U2 in Echo and its members have been internationally active throughout their musical career and are ready to go on the road again in 2026!
